

# APPROVED VETERINARIANS

Below are the low cost veterinarians that are preferred for the vetting of our foster dogs. To keep vetting costs to a minimum, STRMN only uses low cost clinics, especially for spays, neuters and dentals. If your foster dog requires specialty services, please discuss it with a Board member for further direction and approval.

**When you check out, please remind the veterinary staff that we get a rescue discount. Please ask for a copy of the invoice and also request that a copy be emailed to Kathy Diamond at kdiamond51@yahoo.com. Thank you!!**
